

The following information is needed to install a fence, deck and or shed.

- 1) Plot plan showing the shed/fence/deck to and from the property lines
- 2) What they are made of – material, colors, etc. Any brochures showing the shed/fence/deck would help
- 3) Approx. cost
- 4) Who is doing the work along with their license number
- 5) Approx. start & finish date

Please keep in mind that the shed colors MUST match your existing home colors.

You will also need to get a permit from the township after HOA approval.
